

# IMAGINARY ETHNOGRAPHIES OF THE FUTURE

**Sponsored by the Center for Ethnography**

**Organized by Gabriele Schwab**

Distinguished Professor

Departments of Comparative Literature and Anthropology

University of California, Irvine

This workshop is the final event of a quarter-long graduate seminar on Imaginary Ethnographies of the Future. It will feature the creative work of participants, including an art installation, Science Fiction stories and experimental ethnographies. The works emerge from encounters between science fiction and critical theories of the future, highlighting the contribution of art and literature as forms of designing and writing culture.
